

# Attention: 928 Owner You are not alone!

Ever have the feeling that you're the only 928 owner around? Ever wonder who really knows how your car should work or how to fix it? Ever wanted to find out just how much performance your car has? Ever tried to find parts and accessories for your car? Ever gotten tired of being told that your car is "not a real Porsche"?

Over four hundred of your fellow 928 owners in the US, Canada, England, Japan, Australia, New Zealand, and Argentina are enjoying the benefits of being part of an enthusiastic, technical aware community entirely devoted to possibly the best sports/touring car ever made. The 928 Owners Club is completely independent (of Porsche, PCA, or anyone else). We publish 928 Journal, a magazine devoted to these cars, and conduct all sorts of technical, driving, touring, and social events locally, regionally, and internationally. Please check our Web site to learn more about us, and join our public e-mail list to begin linking up with the 928 community.

## 928 Owners Club

Post Office Box 729  
Herndon, Virginia 20172-0729
